

WEP Farmstay Program Agreement

Each Farm Experience programme will be different and the success of it will depend primarily on the participant's attitude and willingness to adapt to different environments. The student will help on the farm for +/- 25 hours/week in exchange for food and board. Farm work is hard and can be dirty and unpleasant. The student may be required to help outdoors in any weather and/or to help with household chores. At times farm accommodation can be quite simple. The farmer reserves the right to ask the participant to leave the farm if he/she cannot perform as required. Participants must follow the rules of the farm when they are there. They should use the French language to communicate.

WEP provides a coordinator for the student whose job is to find a farm for the student and is available at any time to answer questions about the programme as well as provide support.

WEP is not liable for anything that happens to the student while they are on the farm. WEP arranges farm placements but the farms are not related to WEP in any way.

No participants will be accepted by WEP without insurance covering sickness, accidents, repatriation and third part liability. The host family and WEP cannot be liable for any cost resulting from participant's illness, personal liability or other risks.

If the student is unhappy with their farm experience they need to speak to their coordinator or WEP. We need to have feedback from the students about the farms for future Farmstay placements.

I understand and agree with the above conditions.

I declare that the above information submitted by me is complete and accurate. I further realize that any false declaration by me would render any claim whatsoever void and I could further be liable for prosecution by the laws governing France.
